

Design that stands the test of time.

New Zealand Product Overview

Front Cover: Gypsy/Rose brick, One Central, Sils van Bohemen Architects

ALL THE BRICKS YOU LOVE ALL UNDER ONE ROOF

If you love the look and quality of Monier Bricks, you'll now find the full range rebranded as PGH Bricks. With over 150 years of brickmaking experience and a history of innovative design and diverse ranges, PGH Bricks offers stylish and durable solutions for both residential and commercial construction, combining craftsmanship with products that stand the test of time.

Indent Brick - Black and Tan, Christian Street House, James Russell Architects, Lightbox, Toby Scott

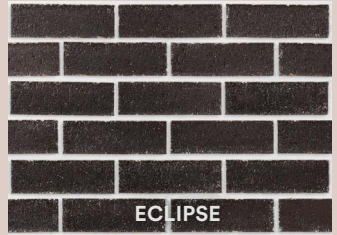

Looking for something outside the standard PGH NZ range? Indent bricks from the Australian PGH range offer unique design possibilities for your project. These bricks can be ordered through our account managers and are subject to availability. Please note, they may have longer lead times and are produced in a different size from the NZ standard brick size. For more details or to explore your options, reach out to your CSR Building Products NZ account manager today.

BE INSPIRED TO SET YOUR STYLE

Our stunning range of brick finishes allows you to reflect your true sense of style and how you want to live. From minimal organics to modern commercial aesthetics, set your exterior style and you'll find your interior design elements will follow.

Product images and colours shown are represented as accurately as possible, but we recommend checking your chosen product against a sample (or in a selection centre) before purchasing as digital representations may affect colour tones and finishes. In addition, products (including from batch to batch) and samples may vary regarding colour and surface finish due to manufacturing processes and raw materials used. All trademarks are the property of their respective owners. Monier® and Monier Bricks® are trademarks of CSR Building Products (NZ) Limited. © 2024 CSR Building Products (NZ) Limited Co.No 42246.

CHOOSING YOUR MORTAR COLOUR

It's important to choose the right mortar to complement your brick finish. Remember that the mortar colour will have a striking impact on the overall look, making up around 15% of your brick façade.

An off-white mortar between darker coloured bricks will add contrast and highlight the shape of each brick, while matching the mortar colour to the brick will soften the brickwork.

If you're using a blended brick, there'll be a range of colours between light and dark, so consider this when choosing your mortar colour.

HOW TO CHOOSE YOUR PGH BRICKS

Choosing your PGH bricks can feel like a daunting task, but you're not alone. There's expert advice and resources at your fingertips to help you find the perfect solution.

Crevole & Alpine bricks

1 Have a look at homes featuring PGH bricks

There's nothing like seeing the real thing in action. Ask your builder about any new builds you can view or seek out new developments to see our bricks in their ultimate environment.

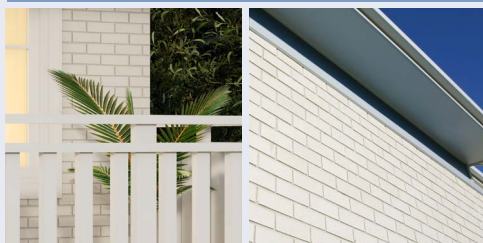

2 Look at Builders & Architect Samples

Builders and architects often have a range of samples you can browse through and select from. They'll also have an idea about which bricks are suitable for your design.

3 Order a selection of PGH Samples

Browse through our website, pghbricks.co.nz or choose your favourite samples from this brochure.

Simply email us at orders@csr.co.nz or call **0800 BRICKS (0800 274 257)** for sample delivery to your door.
